

Rail In Cardboard Tube

We offer members the option of having their rail posted out, straight, in a cardboard tube rather than flexed into a box.

To take up this offer, you will need to purchase item 1-010 at a cost.

This offer falls outside the postage scheme and is an extra cost.

If you order other items with your rail, these may be sent separately or included in your tube if possible.

The value of rail in your order will count toward the free postage of any other items.

For insurance purposes there is a limit of 5 packs of rail per tube.

If you don't take up this offer, the rail will be posted flexed into a large letter postage box.
